HUMAN CAPITAL RECRUITERS, LLC

Have you ever experienced a wetter month than June 2009? It could be Mother Nature's way of saying if you can survive this gloomy weather, you can certainly survive this economic storm. Our Community Banks are strong, and have the money to lend. Many of my friends ask me how business is this year since Human Capital Recruiters is closely tied to the health of NJ and PA banks. My answer is simply this:

"We are enjoying a very successful year because our clients remain successful."

Our relationships with solid, well run banks and thrifts remain strong. Our history of providing quality candidates keeps our customers coming back when other opportunities within the organization need to be addressed.

HCRLLC knows our clients better than other recruiting firms because we "know" the people that manage the institutions. We utilize our ever expanding proprietary electronic database of Executives to cull the candidates that best suit the position.

Stuart Pace worked in NJ Banks for 25 years and has worked with many of the top bankers in NJ. Ray Williams has been recruiting in NJ and PA for over 20 years and is a fixture at conventions and trade shows. We are well known because we get involved. The balance of this year's success will depend on smart choices by executive management.

HCRLLC is the smart choice when choosing which recruiter to call.

The partners of Human Capital Recruiters, LLC share a moment with NJ Bankers Co-President John McWeeney Jr. and Robert Monteith, President of NVE Bank.
